Dear Cristhia,

We are grateful for all of our collaborators and individuals who support El Puente MO. Everything we do is because of your love and support.

During this time of thanksgiving, we want to share back with you a bit of how you have helped improve our community.

Because of you, we are able to provide essential resources to over 700 individuals in over 500 households.

Because of you, we are strengthening our community in California, MO. We opened a second location providing educational and social services and other resources.

Because of you, we are able to receive individuals who are in need of translation services for healthcare and navigating our community systems.

These are just a few ways your generosity and love has allowed us to be present today in the lives of so many people. We are deeply grateful for you.

Thank you!
